PhD Scientific Researcher Recruitment

FCiências.ID/2020/DL57/MARE/26

FCiências.ID - Associação para a Investigação e Desenvolvimento de Ciências, through its Chairman of the Board of Directors, hereby announces the opening of an international call for the recruitment of a scientific researcher with a PhD degree, in the frame of the of the Project “FISHBUDGET - Effects of climate change on marine fish energy budgets” (PTDC/BIA-BMA/28630/2017), of the Marine and Environmental Sciences Centre, Faculty of Sciences of the University of Lisbon (MARE-FCUL), funded by the Portuguese Science and Technology Foundation (FCT) by OE, in the form of an indefinite duration fixed-term employment contract on an exclusive regime, according to the Portuguese Labour Code and Decree-Law No. 57/2016, of August 29th, as amended by Law No. 57/2017, of July 19th.

I - Admission Requirements

Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree¹ in Marine Sciences, Biology or akin areas, and fully comply with the following requirements:

- a) The PhD must have been granted at least 1 year ago.
- b) Demonstrated scientific and/or professional experience in the setup and maintenance of basic live support systems and in experimental studies with marine organisms, namely in live vertebrates and invertebrates, in the area of climate change;
- c) The candidate must also have experience in biochemistry, nutrition, physiology and behavior of marine fish, namely in analysis of fatty acids, amino acids, minerals, heavy metals and oxygen consumption rates (i.e. metabolism);
- d) The candidate must have experience in Gas chromatography (GC), High-performance liquid chromatography (HPLC), Inductively coupled plasma mass spectrometry (ICP-MS), data analysis using R, diving certification and experience in samplings in marine environments.

¹ Please note that Degrees obtained in foreign countries need a Portuguese Recognition issued by a Portuguese high degree Institution, according to the [Decree-Law nr. 66/2018](#), of august 16th and the [Ministerial Order nr. 33/2019](#), of January 25th. The presentation of such Recognition is mandatory for contract signature. More information can be obtained in: <https://www.dges.gov.pt/en/pagina/degree-and-diploma-recognition>.

II. Applicable Law

1. Decree-Law No. 57/2016, of August 29th (RCD), in the wording conferred on it by Law No. 57/2017, of July 19th (RCD);

4. Administrative Procedure Code, as published in Decree-Law No. 4/2015, of January 7th, in its current version (CPA).

III. Work Plan

The main generic objective of the work plan of the project is to evaluate the potential effect of climate change on the energy budget of different fish species with distinct life strategies and the specific objectives are:

- Evaluation of ocean warming and acidification on the growth, metabolism and excretion of marine fish;
- Evaluation of the metabolic, physiological and chemical conditions of marine organisms;
- Analyze of nutritional quality of marine fish under the effects of climate change;
- Assessment of the physiological stress responses of marine fish to climate change;
- Participation in the preparation of the project's annual reports in the part corresponding to the work performed;
- Collaboration in the potential disclosure actions;
- Participation in team meetings.

IV. Composition of the Jury

In accordance to article 13 of the RCD, the members of the jury are:

- President – Patrícia Anacleto
- 1st Member of the jury – Rui Rosa
- 2nd Member of the jury - António Marques
- 1st Alternate Member of the jury – Tiago Repolho
- 2nd Alternate Member of the jury – Cheila Almeida

V. Place of work

Work will be developed at the facilities of Research Centre Marine and Environmental Sciences Centre, Faculty of Sciences of the University of Lisbon (MARE-FCUL) in Laboratório Marítimo da Guia (Cascais, Portugal). The Candidate may move around frequently to the IPMA - Instituto Português do Mar e da Atmosfera (Algés) and to IST-ID - Associação do Instituto Superior Técnico para a Investigação e o Desenvolvimento (Lisboa) to carry out part of the activities of the project. The work plan also includes missions to IPMA-EPPO (Olhão) for fieldwork.

VI. Contract Duration

The full-time indefinite duration fixed-term employment contract on an exclusive regime is expected to start on January 2021, and will last until the Work Plan referred to in section III is completed. It will have an expected duration of 10 months, will not exceed the limits set in the RCD, including an initial experimental trial period of 30 days.

VIII. Evaluation of applications

1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.
2. According to article 5 of the RCD, the selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate, for the project.
3. The final classification of candidates is given on a scale of 0 to 100%.
4. Evaluation of the relative merit of candidates, will rely on the following criteria:
 - a) Participation in relevant scientific projects in the area of Marine Biology and Climate Change - 25%;

- b) Scientific publications in the area of Marine Biology, Climate Change, Nutrition, Physiology and Behaviour on marine organisms - 65%;
 - c) Pedagogical and outreach activities, in particular in the context of promoting scientific practices, organization of courses, seminars and conferences, in the area of Marine Biology, Climate Change, Nutrition, Physiology and Behaviour on marine organisms - 10%;
 - d) Interview, if deemed necessary by the jury - 10%.
5. The jury may decide to interview the three best ranked [in criteria a) to d) of paragraph 4)] candidates, for clarifications and improved explanations of curricular elements. If there is an interview, the sum of the classification obtained in the evaluation criteria a) to c) will correspond to 90% of the final classification and the interview will correspond to 10%.
6. The jury shall deliberate by means of a roll-call vote based on the evaluation criteria.
7. Minutes of the jury meetings are drawn up, summarizing all relevant elements considered by jury members, as well as their individual votes and justifications.
8. After completion of the evaluation process, the jury will draw up a ranking of successful candidates with their classifications.
