2. Regulation of Carreiras de Investigação Científica e de Gestão de Ciência e Tecnologia da FCIências.ID – Associação para a Investigação e Desenvolvimento de Ciências (Regulamento de Carreiras) available on <https://fciencias-id.pt/node/50>.

IV. Workplace

The position to be filled will enable the activities of the CHANGE Associated Laboratory in the link between science and public policies, in the context of thematic line 1. 'Maintenance and Restoration of Biodiversity'. The R&D activity to be carried out must be relevant to improving the attraction of funding at European level.

The position to be filled requires training at PhD level and relevant professional experience, to ensure that the candidate to be hired carries out and reinforces research in wildlife and conservation genetics, with a focus on animal species, providing crucial information for the management, conservation and restoration of biodiversity, taking into account evolutionary history and heritage, optimising the preservation of genetic variation and maximising resilience to current environmental challenges and adaptive potential.

The R&D activity to be carried out should ensure the researcher's proactive involvement in interdisciplinary teams and projects on biodiversity, in areas as diverse as conservation biology, systematics and taxonomy, adaptation to climate change, landscape ecology, invasive species biology and biodiversity genomics.

The position to be filled also includes, within the themes relevant to the Associated Laboratory's strategy, the usual components of interaction between research structures and between them and society, advanced training, attracting funding or setting up international cooperation frameworks, all exclusively within the context of the specifics of the job referred to in the previous paragraphs.

Finally, the researcher must secure a significant proportion of the funding that makes their R&D activity viable, in the context of the Associated Laboratory's scientific and operational strategy, using all the funding programmes available to them, whether public or private, national or international, and promote society's understanding of the need for sustainable wildlife conservation practices, aware that the unit of measurement (and evaluation in the financial aspects of R&D activity) will be the value of their gross annual salary.

The following are the permanent functional requirements of the Researcher who assumes this position:

- a) Research
 - a. Scientific production
 - b. Projects as PI
 - c. Amount of funding raised for the institution
 - d. Initiatives of a scientific nature (e.g projects, networks, innovation)
- b) Internationalisation
- c) Intervention and/or contributions to public policies
- d) Transversal intervention in related areas within the scope of FCIências.ID's activity
- e) Advanced and professional training
- f) Dissemination
 - a. Dissemination materials
 - b. Events
- g) Scientific management in the context of LA and FCIências.ID activities

VI. Place of work

Work will be developed at the facilities of the Associate Laboratory CHANGE: Institute for Global Change and Sustainability (CE3C), in Campo Grande, Lisboa, Portugal.

VII. Contract Duration

The full-time permanent employment contract on an exclusive regime is expected to start in December 2024, including an initial experimental trial period of 180 days.

VIII. Monthly Allowance

The gross monthly salary to be attributed is 3.427,59 Euros, on an exclusive regime, corresponding to the position 1 of the category equivalent to Assistant Researcher, in the Scientific Research career as mentioned in Annex I of ECIC, in its current version, under the terms of decree-law 108/2023 of 22 November 2023, on which legal discounts will apply, plus holiday and Christmas allowances, as well as food allowance in the amount and conditions set out for workers with a legal employment relationship under the Labour Code.

(Based on a positive assessment of the activities carried out, career progression is possible in accordance with the FCIências.ID Regulation for Scientific Research and Science and Technology Management Careers.)

IX. Evaluation of applications

1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.
2. The selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five (5) years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate.
3. Based on the assessment of the candidates' scientific and curricular background in the last five (5) years, each member of the jury presents a justified proposal for admission (final classification equal to or greater than 75%) or exclusion (final classification below 75%) for each candidate, according to the evaluation criteria referred to in paragraph 5.
4. The final classification of candidates is given on a scale of 0 to 100%.
5. Evaluation of the relative merit of candidates, will rely on the following criteria:
 - a) Publications in journals of high scientific merit in the specialist fields listed in point I - 40 %;
 - b) Participation or leadership in relevant scientific projects in the area of expertise of the contest - 15%;
 - c) Demonstrated fundraising capacity - 15%;

- d) Pedagogical activities, in particular scientific orientation at postgraduate and professional level, as well as extension and dissemination of knowledge in the area of speciality of the call - 15%;
 - e) Motivation letter including reference to the field of specialization and the work plan to be developed - 15%;
 - f) Interview, if deemed necessary by the jury - 10%.
6. The jury may decide to interview the 2 best ranked candidates [in criteria a) to e) of paragraph 5], for clarifications and improved explanations of curricular elements. If there is an interview, the sum of the classification obtained in the evaluation criteria a) to e) will correspond to 90% of the final classification and the interview will correspond to 10%.
 7. The jury shall deliberate by means of a roll-call vote based on the evaluation criteria.
 8. Minutes of the jury meetings are drawn up, summarizing all relevant elements considered by jury members, as well as their individual votes and justifications.
 9. After completion of the evaluation process, the jury will draw up a ranking of successful candidates with their classifications.
 10. Hiring will be decided by the Chairman of the Board of Directors of FCIências.ID, based on the final jury recommendation.
 11. The evaluation results will be published on the website of the FCIências.ID ("Concursos" tab). The candidates will be individually notified of the evaluation results by e-mail sent to the address indicated in the "Personal Data" section of the submitted form.
 12. With the notification referred to in paragraph no. 11, the hearing phase of interested parties referred to in Article 121 *et seq.* of the CPA will begin, and last for ten working days.
 13. The possible pronouncement of the candidate in a prior hearing must be addressed to the President of the jury and submitted in writing to concursos@fciencias-id.pt. The President of the jury will convene a jury's meeting to produce the final decision, within thirty working days.
 14. Within five working days of the final jury decision, the Chairman of the Board of Directors of FCIências.ID will approve it and the candidates will be notified.
 15. The communication between FCIências.ID (concursos@fciencias-id.pt) and the candidates will be electronic and will comply with the following rules:
 - a) At the time of electronic submission of any document - namely in the case of paragraph no. 13 - the candidates must generate proof of "sent message".
 - b) FCIências.ID will send an email message acknowledging documents received to the email address used by the candidates, within two working days.
 - c) In case of absence of a confirmation receipt by FCIências.ID – showing the possibility of technical problems that should neither be the responsibility of the candidate nor FCIências.ID - the candidates should contact FCIências.ID, with the proof referred to in point (a), to ensure delivery and proper receipt of the documents concerned.
