Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree* Biology, Marine Sciences, Environmental Sciences, or related areas, and fully comply with the following requirements:

- a) At least 6 years of professional and/or academic experience after the year of completion of the PhD; this experience must be validated by attending advanced training and/or (co)authorship of scientific articles published in international peer-reviewed journals, in the areas of specialty of the competition, including communication and dissemination of science and ocean literacy - information provided in the CV;
- b) Publication of at least five (5) scientific articles in international peer-reviewed journals since 2020, in the areas of specialization of this position, including communication and dissemination of science and ocean literacy; Scopus h-index equal to or greater than 7 - information provided in the CV;
- c) Experience in science communication in digital and/or multimedia media, namely in the management and creation of content for social media, social networks, web pages and newsletters - information provided in the CV.

* Please note that Degrees obtained in foreign countries need Portuguese Recognition issued by a Portuguese high degree Institution, according to the [Decree-Law nr. 66/2018](#), of August 16th, and the [Ministerial Order nr. 33/2019](#), of January 25th. The presentation of such Recognition is mandatory for contract signature. More information can be obtained at: <https://www.dges.gov.pt/en/pagina/degree-and-diploma-recognition>.

II. Preferential Requirements

The candidate must also have demonstrated:

- a) Proven experience in academic activities (teaching and/or supervising students and/or evaluation panels) in the scientific area of the competition - information provided in the CV;
- b) Knowledge of the organization and objectives of R&D institutions in the National Science and Technology System, particularly in the area of Marine Sciences (and related areas) - information provided in the CV;
- c) Experience with graphic design tools (e.g. Canva) and image and video processing software - information provided in the CV;
- d) Organizational skills, proactivity and the ability to work in a team, particularly in a remote and multi-institutional environment - information provided on the CV;

- e) Proven experience of working with international teams - information provided on CV;
- f) Proficiency in Portuguese and English (written and spoken) - information provided on the CV.

III. Applicable Law

1. Portuguese Labour Code, as approved by Law No. 7/2009, of February 12th, in its current version (CT);
2. Regulation of Carreiras de Investigação Científica e de Gestão de Ciência e Tecnologia da FCIências.ID – Associação para a Investigação e Desenvolvimento de Ciências (Regulamento de Carreiras) [namely Chapters 2 and 3] available on <https://fciencias-id.pt/node/50>.

IV. Workplace

The position to be filled requires doctoral-level training and relevant professional experience to ensure that the candidate to be hired, a Science Communicator equivalent to an Assistant Researcher, can handle the coordination, organization and operation of the ARNET Associated Laboratory's Communications Office.

The candidate will be responsible for ensuring professional and properly decoded interfaces with ARNET's various target audiences, ensuring opportunities, formats and fluid forms of interaction with society. They will also be expected to promote interdisciplinary work on ARNET's themes, integrate it into ongoing research projects and contribute to preparing future projects.

The activities to be carried out focus on the strategic organization, dissemination and communication of science, namely the implementation of ARNET's Communication Office, including:

1. Definition and updating of the Laboratory's Communication Plan (including what is being disseminated, with what objectives and in relation to what kind of events / policies / ..., formats and types of language, institutions, levels of intervention, ...); this is an operational tool document, of key technical and tactical importance, detailing the implementation of ARNET's communication strategy in the form of specific activities, content to be developed, channels used, timetable, resources (human, goods and materials, and budget) required for its implementation, as well as the respective monitoring and evaluation mechanisms and metrics;
2. Operationalization of the Laboratory's Communication Plan, harmonizing it coherently with the activity of its various Institutional Hubs, Research Groups and Thematic Lines;
3. Translation and transfer of scientific findings to improve the conservation of aquatic resources and their sustainable use;
4. Regular production of appealing content in different formats, including school and teacher populations, the media, companies and, in general, all those who benefit from the incorporation of knowledge throughout life;
5. Contribution to the design of new career opportunities in the blue sector and their dissemination in society;
6. Organizing events (at national and international level) that increase the visibility of ARNET's contributions to the public policies in which it can intervene, considering the position of the various stakeholders;
7. Contributing to the coordination, organization and dissemination of the Laboratory's Advanced Training initiatives, at postgraduate and professional level;
8. Disseminating and publicizing the knowledge generated by ARNET's scientific activity, in liaison with its researchers and ARNET's management, through the production and/or validation of content resulting from the activity, geared towards marketing or society and the general public;
9. Managing ARNET's website and other relevant social networks, generating access or effectiveness indicators;
10. Proactive coordination with science communication activities in related fields that may exist at FCIências.ID and at the LA's member institutions;
11. Training new science communication professionals.

The Science Communicator should participate in external funding opportunities, taking part in the preparation of national and international applications for public or private funding lines, with a special

focus on LA ARNET's Thematic Line 5 - Governance, Citizen Science and Ocean Literacy. He will also collaborate with the ARNET unit coordinator and the coordinators of the thematic lines, helping to set up dissemination networks and thematic meetings, promoting and communicating LA ARNET's image, liaising with the partner R&D units to ensure that procedures and strategies are aligned.

These responsibilities will be reflected in other aspects of the future annual individual performance appraisal, which must be taken on by the candidate to be hired in the field of Marine Sciences, in the form of proposals to the ARNET coordinator, who is responsible for approving them, financing them and creating the conditions for their implementation, with their direct involvement.

This position is in line with the ARNET Associated Laboratory's strategy of rejuvenating scientific institutions by attracting young, high-quality PhD researchers, thereby strengthening the operating contexts of R&D activity and scientific institutions (LA ARNET and its management institutions) with skills (particularly science communication) without which the link with society and the sustainability of the institutions are weakened.

V. Composition of the Jury

The members of the jury are:

- President - Ricardo Melo;
- 1st Member of the jury – José Manuel Rebordão;
- 2nd Member of the jury – Pedro Raposo de Almeida;
- 3rd Member of the jury – Pedro Ré;
- 4th Member of the jury – Paula Sobral;
- 1st Alternate Member of the jury – Helena Adão;
- 2nd Alternate Member of the jury – José Lino Costa.

VI. Place of work

Work will be developed at the facilities of the Associate Laboratory ARNET: Aquatic Research Infrastructure Network (MARE), in Campo Grande, Lisboa, Portugal.

VII. Contract Duration

The full-time indefinite term employment contract on an exclusive regime is expected to start in December 2024, including an initial experimental trial period of 180 days.

VIII. Monthly Allowance

The gross monthly salary to be attributed is 3.427,59 Euros, on an exclusive regime, corresponding to the position 1 of the category equivalent to Assistant Researcher, in the Scientific Research career as mentioned in Annex I of ECIC, in its current version, under the terms of decree-law 108/2023 of 22 November 2023, on which legal discounts will apply, plus holiday and Christmas allowances, as well as food allowance in the amount and conditions set out for workers with a legal employment relationship under the Labour Code.

(Based on a positive assessment of the activities carried out, career progression is possible in accordance with the FCIências.ID Regulation for Scientific Research and Science and Technology Management Careers.) - see FCIências.ID Systems, available at <https://www.fciencias-id.pt/node/2>, Annex 4.

IX. Evaluation of applications

1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.

2. The selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five (5) years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate.
3. Based on the assessment of the candidates' scientific and curricular background in the last five (5) years, each member of the jury presents a justified proposal for admission (final classification equal to or greater than 75%) or exclusion (final classification below 75%) for each candidate, according to the evaluation criteria referred to in paragraph 5.
4. The final classification of candidates is given on a scale of 0 to 100%.
5. Evaluation of the relative merit of candidates, will rely on the following criteria:
 - a) Curriculum Vitae - 40%;
 - b) Experience in communication strategy and dissemination of science to a variety of audiences and/or press offices - 20%;
 - c) Experience in organizing scientific events and dissemination initiatives in national and international contexts - 20%;
 - d) Experience with digital content and social networks - 10%.
 - e) Proposal for communication and dissemination activities - 10%
 - f) Interview, if deemed necessary by the jury - 10%.
6. The jury may decide to interview the 3 best ranked candidates [in criteria a) to e) of paragraph 5], for clarifications and improved explanations of curricular elements. If there is an interview, the sum of the classification obtained in the evaluation criteria a) to e) will correspond to 90% of the final classification and the interview will correspond to 10%.
7. The jury shall deliberate by means of a roll-call vote based on the evaluation criteria.
8. Minutes of the jury meetings are drawn up, summarizing all relevant elements considered by jury members, as well as their individual votes and justifications.
9. After completion of the evaluation process, the jury will draw up a ranking of successful candidates with their classifications.
10. Hiring will be decided by the Chairman of the Board of Directors of FCIências.ID, based on the final jury recommendation.
11. The evaluation results will be published on the website of the FCIências.ID ("Concursos" tab). The candidates will be individually notified of the evaluation results by e-mail sent to the address indicated in the "Personal Data" section of the submitted form.
12. With the notification referred to in paragraph no. 11, the hearing phase of interested parties referred to in Article 121 *et seq.* of the CPA will begin, and last for ten working days.
13. The possible pronouncement of the candidate in a prior hearing must be addressed to the President of the jury and submitted in writing to concursos@fciencias-id.pt. The President of the jury will convene a jury's meeting to produce the final decision, within thirty working days.
14. Within five working days of the final jury decision, the Chairman of the Board of Directors of FCIências.ID will approve it and the candidates will be notified.
15. The communication between FCIências.ID (concursos@fciencias-id.pt) and the candidates will be electronic and will comply with the following rules:
 - a) At the time of electronic submission of any document - namely in the case of paragraph no. 13 - the candidates must generate proof of "sent message".
 - b) FCIências.ID will send an email message acknowledging documents received to the email address used by the candidates, within two working days.
 - c) In case of absence of a confirmation receipt by FCIências.ID – showing the possibility of technical problems that should neither be the responsibility of the candidate nor FCIências.ID

- the candidates should contact FCiências.ID, with the proof referred to in point (a), to ensure delivery and proper receipt of the documents concerned.
